
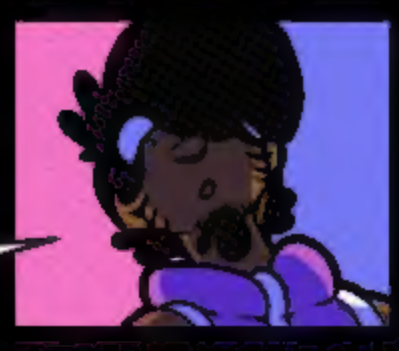
Toma! I get it's exciting and all but you can't just go running around. If Topsy gave you that much trouble, imagine running into more like them or worse!

Just sightseeing! What's so dangerous about a cartoon city, anyways? Everything looks so squishy!

Not only that, the city is **FUZZY**, as in, it can feel like its layout shifts.

Another thing to know about Rorshaw is that it features many landmark areas that rarely shift. These are where some of the strongest toons tend to hang out.

So like main scenes, then filler in-between? Sounds good. I stay away from the big set pieces and stick to the simpler backgrounds.



It's not that si~Toma!

WOOSH!

Just hanging out in the streets is enough to get you swept up in another toon's problems!

I won't always be there to lend a helping hand!

Huff~ Huff~ ... HUFF!

You've been awesome, Evan, but you don't have to worry about me! I'm a grown adult. I have dealt with WAY worse back in my own city.

I survived a run in with Topsy, too!

Yeah 'cuz Worldly saved your ass!

If you think you can take on a toon by yourself, you better have one heck of a gimmick!

Woah, toons CAN swear!

CRASH

Here, take this! You find Trudy and tell him Evan sent you.

Please, try to keep a low profile!

Wow! The first toon you're sending me to for protection is Rat King!?

Hey, why are you talking like I'm not going to see you for a while?

Mon beau prince amphibie!

I have not forgotten to pay back to you that which you have stolen from me: mon coeur!
